

SHANMUGARAJA GAJENDRAN

FULL STACK DEVELOPER

+91 8903709112 — SUNRAJA1996@GMAIL.COM — Adambakkam, Chennai

Passionate full stack developer with a creative foundation as a graphic designer for 4 years. Excited to leverage my design expertise and embark on a dynamic journey in full stack development. Proficient in front-end and back-end technologies, I bring a unique blend of creativity and technical acumen to create innovative and user-centric solutions.

Skills

- Proficient in creating responsive, accessible, and user-friendly websites using modern HTML, CSS, and JavaScript.
- Expertise in using ReactJS to build dynamic and interactive UIs.
- Back-end Development with server-side technologies like Node.js
- Skilled in working with databases such as MySQL, MongoDB and Firebase for data storage.
- Ability to create mobile-first and cross-browser compatible websites using CSS frameworks like Bootstrap or Tailwind CSS.

Work Experience

LUMINA DATAMATICS LTD - CHENNAI, TAMILNADU

GRAPHIC DESIGNER (AUG 2019 – FEB 2023)

- Responsible for cutting out and retouching product images for e-commerce websites, ensuring high-quality visuals with transparent backgrounds and optimal sizing.
- Create and modify detailed graphic representations of building components, ensuring accuracy and clear presentation for use in paint and construction-related materials.
- Edit and format PDF documents, ensuring professional layout, customizing them for print and digital use.
- Perform photo editing tasks such as color correction, image retouching, and enhancement, to deliver high-quality, visually compelling content.
- Design visually appealing posters, banners, and promotional materials for print and online media, ensuring consistent branding and engaging layouts.
- Edit short videos for promotional or informational purposes, including trimming, adding effects

SANGAMAM PRODUCTIONS - CHENNAI, TAMILNADU

GRAPHIC DESIGNER (JUL 2018 – AUG 2019)

- Create visually captivating and on-brand posters, thumbnails, and promotional materials for short films.
 - Edit and assemble raw video footage, apply transitions, special effects, and audio enhancements.
-
